## WHAT IS GAM?

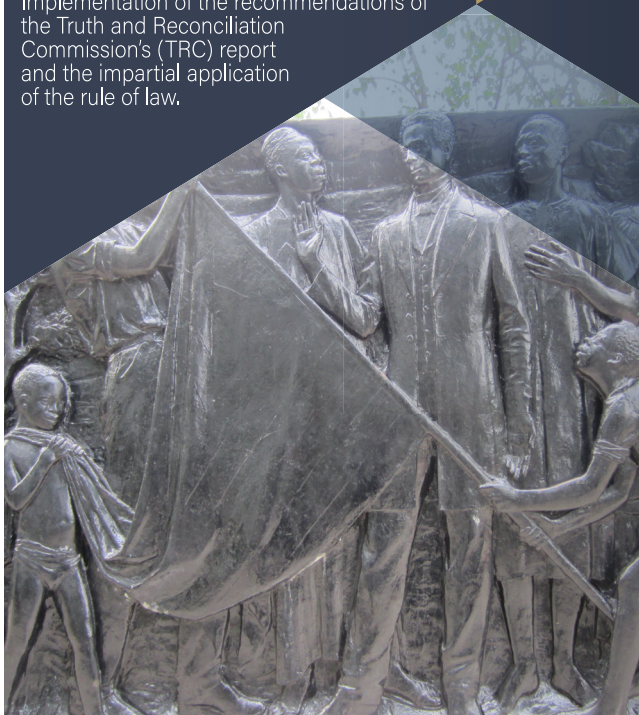

Founded in 2018 in Liberia and in the United States, The Grassroots Alternative Movement (GAM) is a social justice, political, and advocacy organization committed to building a just society in Liberia with the tenets of fair play, equality, and justice.

**VISION:** GAM envisions a stabled and developed Liberia, where every child and adult has the opportunity to attain his or her highest potential.

**MISSION:** To build a prosperous Liberia based on the principles of fair play, equality, and justice.

## WHY GAM?

1. The need exists for Liberians to fully understand their roles, rights, and responsibilities for the promotion and attainment of good governance.
2. The need exists to foster patriotism, good citizenship, and productivity for the overall welfare and good image of Liberia.
3. Corruption as a cancer has become normalized in Liberia, effectively undermining the development of our country and there is an opportunity to turn this nightmare around by good and well-meaning Liberians at home and abroad.
4. The attainment of genuine peace and reconciliation are dependent upon the full Implementation of the recommendations of the Truth and Reconciliation Commission's (TRC) report and the impartial application of the rule of law.

GAM believes that these national imperatives are paramount to fostering genuine peace, promoting national recovery and development, and is committed to achieving them.
